

Friendship Bridge is an international non-profit, non-governmental organization that empowers impoverished Guatemalan women to create a better future for themselves, their children, and their communities through microfinance and education.

Spanish-English Translator

Volunteer

We are seeking proficient Spanish/English communicators to join our cadre of translators and help regularly translate a variety of content, such as stories collected in the field, the employee newsletter, and technical documents for internal and external audiences. This is a great opportunity to polish your language skills and to learn more about Friendship Bridge.

Translation can be done from anywhere in the world and on any schedule!

To get involved, please send a letter of interest and related experience in an email to volunteer@friendshipbridge.org and include:

- 1) the amount of time you are willing to commit per month
- 2) whether or not you are a native speaker
- 3) an estimate of your language competency

We look forward to hearing from you!
