AUGUST 2020

# Annual Report

# 2019

Annual Report

It's indisputable. Your support last year made a significant impact at Friendship Bridge, leading us to tremendous success as we concluded our three-year strategic plan.

We have published the highlights of our work together (electronically-only this year) in our 2019 Annual Report. In it, you'll find a series of inspiring client impact stories, data points showcasing how we've measured up to our goals, and a long list of special supporters like you who made it all possible. From everyone at Friendship Bridge, we thank you for a great year!

# Health for Life

*"I'm excited to share the 250 miles of backpacking that I'm doing in August for Health for Life."*

- Sandie Godsman

People like Sandie are challenging themselves this summer to prioritize their health while raising funds for Friendship Bridge's *Health for Life* program. All dollars raised will allow Friendship Bridge to reach more of our clients with in-home mobile clinic visits and expanded telehealth services.

In the midst of this global pandemic, the women we serve in Guatemala are facing unimaginable hardship. Their need for healthcare, as well as reliable information about COVID-19, is greater than ever.

Our staff in the U.S. are committed to the success of this campaign and have come together to match the first \$20,000 raised. An additional \$40,000 will be matched by a separate generous group of donors. That means a total of up to \$60,000 of all donations will be matched.

**Can you help us unlock  
this \$60,000 match with  
a donation today?**

With your help, we successfully executed our Emergency Food Relief Program in July that helped us purchase and deliver 3,000 packages of food to Friendship Bridge clients and their families in Guatemala. Altogether, we raised nearly \$62,000 for food and an additional \$45,000 worth of in-kind donations of personal hygiene products in just a little over 30 days. As we conclude this campaign, our branch leaders in Guatemala have a special message for you.

## **A special message for you:**
